

Salvamento Marítimo

The mission of Centro Jovellanos is to implement, develop and design comprehensive rescue and maritime safety training systems that are high quality, highly specialised, certified, innovative, and sustainable to ensure the most remarkable levels of professional training.

Train, provide, reduce, innovate and guarantee are the five key goals of the Jovellanos Centre, which is the training centre of the Spanish Maritime Search and Rescue Agency, a public entity dependent on the Ministry of Transport, Mobility and Urban Affairs.

TRAIN: Understand the needs of professionals and propose efficient solutions to act in emergencies.

PROVIDE: The necessary knowledge to implement tasks successfully at the workplace.

REDUCE: Reduce fatalities and damage to the environment through training, thus avoiding risks and accidents.

INNOVATE: Develop comprehensive virtual reality training methods that improve knowledge.

ENSURE: The implementation of our quality system when designing and developing our training activities.

COURSE MARITIME RESCUE COORDINATION CENTRE OPERATOR

TARGET GROUP

New controllers joining the Maritime Rescue service.

TRAINING

Objective: The course has been designed to provide initial training to plan and coordinate operations based on the response to emergencies at sea.

DURATION

The course consists of 30 certified hours, it's delivered over a period of 5 days.

PROGRAMME

Search and rescue system.

Communications.

SAR Planning.

English.

Computer applications for SAR operations.

SC, SMC, OSC, ACO functions.

SIMULATORS

Practical exercises will be performed on simulators: Communications based on the Global Maritime Distress and Safety System (GMDSS), Vessel Traffic Service (VTS) and Electronic Chart Display and Information System (ECDIS).
